

1696 (2006) and which are essential to build confidence, and *deploring* Iran's refusal to take these steps,

Emphasizing the importance of political and diplomatic efforts to find a negotiated solution guaranteeing that Iran's nuclear programme is exclusively for peaceful purposes, and *noting* that such a solution would benefit nuclear non-proliferation elsewhere, and *welcoming* the continuing commitment of China, France, Germany, the Russian Federation, the United Kingdom and the United States, with the support of the European Union's High Representative to seek a negotiated solution,

Determined to give effect to its decisions by adopting appropriate measures to persuade Iran to comply with resolution 1696 (2006) and with the requirements of the IAEA, and also to constrain Iran's development of sensitive technologies in support of its nuclear and missile programmes, until such time as the Security Council determines that the objectives of this resolution have been met,

Concerned by the proliferation risks presented by the Iranian nuclear programme and, in this context, by Iran's continuing failure to meet the requirements of the IAEA Board of Governors and to comply with the provisions of Security Council resolution 1696 (2006), *mindful* of its primary responsibility under the Charter of the United Nations for the maintenance of international peace and security,

Acting under Article 41 of Chapter VII of the Charter of the United Nations,

1. *Affirms* that Iran shall without further delay take the steps required by the IAEA Board of Governors in its resolution GOV/2006/14, which are essential to build confidence in the exclusively peaceful purpose of its nuclear programme and to resolve outstanding questions;

2. *Decides*, in this context, that Iran shall without further delay suspend the following proliferation sensitive nuclear activities:

(a) all enrichment-related and reprocessing activities, including research and development, to be verified by the IAEA; and

(b) work on all heavy water-related projects, including the construction of a research reactor moderated by heavy water, also to be verified by the IAEA;

3. *Decides* that all States shall take the necessary measures to prevent the supply, sale or transfer directly or indirectly from their territories, or by their nationals or using their flag vessels or aircraft to, or for the use in or benefit of, Iran, and whether or not originating in their territories, of all items, materials, equipment, goods and technology which could contribute to Iran's enrichment-related, reprocessing or heavy water-related activities, or to the development of nuclear weapon delivery systems, namely:

(a) those set out in sections B.2, B.3, B.4, B.5, B.6 and B.7 of INFCIRC/254/Rev.8/Part 1 in document S/2006/814;

(b) those set out in sections A.1 and B.1 of INFCIRC/254/Rev.8/Part 1 in document S/2006/814, except the supply, sale or transfer of:

(i) equipment covered by B.1 when such equipment is for light water reactors;

(ii) low-enriched uranium covered by A.1.2 when it is incorporated in assembled nuclear fuel elements for such reactors;

(c) those set out in document S/2006/815, except the supply, sale or transfer of items covered by 19.A.3 of Category II;

(d) any additional items, materials, equipment, goods and technology, determined as necessary by the Security Council or the Committee established by paragraph 18 below (herein "the Committee"), which could contribute to enrichment-related, or reprocessing, or heavy water-related activities, or to the development of nuclear weapon delivery systems;

4. *Decides* that all States shall take the necessary measures to prevent the supply, sale or transfer directly or indirectly from their territories, or by their nationals or using their flag vessels or aircraft to, or for the use in or benefit of, Iran, and whether or not originating in their territories, of the following items, materials, equipment, goods and technology:

(a) those set out in INFCIRC/254/Rev.7/Part2 of document S/2006/814 if the State determines that they would contribute to enrichment-related, reprocessing or heavy water-related activities;

(b) any other items not listed in documents S/2006/814 or S/2006/815 if the State determines that they would contribute to enrichment-related, reprocessing or heavy water-related activities, or to the development of nuclear weapon delivery systems;

(c) any further items if the State determines that they would contribute to the pursuit of activities related to other topics about which the IAEA has expressed concerns or identified as outstanding;

5. *Decides* that, for the supply, sale or transfer of all items, materials, equipment, goods and technology covered by documents S/2006/814 and S/2006/815 the export of which to Iran is not prohibited by subparagraphs 3 (b), 3 (c) or 4 (a) above, States shall ensure that:

(a) the requirements, as appropriate, of the Guidelines as set out in documents S/2006/814 and S/2006/985 have been met; and

(b) they have obtained and are in a position to exercise effectively a right to verify the end-use and end-use location of any supplied item; and

(c) they notify the Committee within ten days of the supply, sale or transfer; and

(d) in the case of items, materials, equipment, goods and technology contained in document S/2006/814, they also notify the IAEA within ten days of the supply, sale or transfer;

6. *Decides* that all States shall also take the necessary measures to prevent the provision to Iran of any technical assistance or training, financial assistance, investment, brokering or other services, and the transfer of financial resources or services, related to the supply, sale, transfer, manufacture or use of the prohibited items, materials, equipment, goods and technology specified in paragraphs 3 and 4 above;

7. *Decides* that Iran shall not export any of the items in documents S/2006/814 and S/2006/815 and that all Member States shall prohibit the procurement of such items from Iran by their nationals, or using their flag vessels or aircraft, and whether or not originating in the territory of Iran;

9. *Decides* that the measures imposed by paragraphs 3, 4 and 6 above shall not apply where the Committee determines in advance and on a case-by-case basis that such supply, sale, transfer or provision of such items or assistance would clearly not contribute to the development of Iran's technologies in support of its proliferation sensitive nuclear activities and of development of nuclear weapon delivery systems, including where such items or assistance are for food, agricultural, medical or other humanitarian purposes, provided that:

(a) contracts for delivery of such items or assistance include appropriate end-user guarantees; and

(b) Iran has committed not to use such items in proliferation sensitive nuclear activities or for development of nuclear weapon delivery systems;

10. *Calls upon* all States to exercise vigilance regarding the entry into or transit through their territories of individuals who are engaged in, directly associated with or providing support for Iran's proliferation sensitive nuclear activities or for the development of nuclear weapon delivery systems, and *decides* in this regard that all States shall notify the Committee of the entry into or transit through their territories of the persons designated in the Annex to this resolution (herein "the Annex"), as well as of additional persons designated by the Security Council or the Committee as being engaged in, directly associated with or providing support for Iran's proliferation sensitive nuclear activities and for the development of nuclear weapon delivery systems, including through the involvement in procurement of the prohibited items, goods, equipment, materials and technology specified by and under the measures in paragraphs 3 and 4 above, except where such travel is for activities directly related to the items in subparagraphs 3 (b) (i) and (ii) above;

11. *Underlines* that nothing in the above paragraph requires a State to refuse its own nationals entry into its territory, and that all States shall, in the implementation of the above paragraph, take into account humanitarian considerations as well as the necessity to meet the objectives of this resolution, including where Article XV of the IAEA Statute is engaged;

12. *Decides* that all States shall freeze the funds, other financial assets and economic resources which are on their territories at the date of adoption of this resolution or at any time thereafter, that are owned or controlled by the persons or entities designated in the Annex, as well as those of additional persons or entities designated by the Security Council or by the Committee as being engaged in, directly associated with or providing support for Iran's proliferation sensitive nuclear activities or the development of nuclear weapon delivery systems, or by persons or entities acting on their behalf or at their direction, or by entities owned or controlled by them, including through illicit means, and that the measures in this paragraph shall cease to apply in respect of such persons or entities if, and at such

time as, the Security Council or the Committee removes them from the Annex, and *decides further* that all States shall ensure that any funds, financial assets or economic resources are prevented from being made available by their nationals or by any persons or entities within their territories, to or for the benefit of these persons and entities;

13. *Decides* that the measures imposed by paragraph 12 above do not apply to funds, other financial assets or economic resources that have been determined by relevant States:

(a) to be necessary for basic expenses, including payment for foodstuffs, rent or mortgage, medicines and medical treatment, taxes, insurance premiums, and public utility charges or exclusively for payment of reasonable professional fees and reimbursement of incurred expenses associated with the provision of legal services, or fees or service charges, in accordance with national laws, for routine holding or maintenance of frozen funds, other financial assets and economic resources, after notification by the relevant States to the Committee of the intention to authorize, where appropriate, access to such funds, other financial assets or economic resources and in the absence of a negative decision by the Committee within five working days of such notification;
